

September Medical/Dental to Chichi

September 27-October 3, 2022

Team Members

FL Leslie Moore, Lisa Dunham, Anna Ferrell, Mendy McClelland, Katie Ritter, Sheri Kretzchmar, Julie Stanley

BL Charlie Ferrell, Bode Teague, Ron Wiewora, Jason Kellerhalls, Rich Moore, Jim Haller, Mike Caldwell, Kemmel Dunham

Because of flight schedules, we broke up the arrival days into Guatemala City. Several of us arrived on the 27th and spent the night at the Barcelo, while the remainder of the team arrived on the 28th. We all met up at the airport, loaded the additional team members and their luggage and began our drive. An uneventful four hour drive put us in Chichi around 5:30.

After checking in and getting settled, we ate dinner at 6, had a brief team meeting and adjourned to our rooms for a good nights rest.

After breakfast, we met in the parking area for marching orders for the day. Once we all knew where we were going and which vehicle we were riding in, we made our way to clinic for the day. Most of the group headed for

Paxot III while a couple of our members went with Lisa to Clinica Caris. At Paxot III, we evaluated an estimated 100 and another 40 ABC children with dentistry check-ups. It was a great day.

On Friday, day 2 of clinic, we split up the team again. All of the dental crew went back to Paxot III while the remaining team members went to Mactzul V. Overall, day 2 was a great day and all went well at both locations.

Dinner at Hotel Tomas in Chichi

Saturday, our last day of clinic, we split up yet again with most of the dental crew heading back to Paxot III while the remainder of the team heading to Chuchipaca. By the end of day three, our overall totals were having served over 350 medical and 131 dental patients. It was a very successful trip.

On Sunday we met in the upper room of Hotel Tomas for a church service where we sang a few old hymns and shared communion together. We then released everyone to go shopping in the market for a couple of hours. We were able to witness several parades and purchase some trinkets for the journey home.

Later that afternoon we checked out of the hotel and began the journey back to Guatemala City. Having checked in, we met up once again for a quick walk to Pizza Hut and dinner. All in all the trip was uneventful, the perfect travel day.

The next morning we had breakfast together and then caught a shuttle to the airport for our flights home.

Julie Stanley reading to ABC students

Everyone's flights were on-time and all made it home safely.

Overall this was a wonderful trip. Everything went extremely well, the team was great to work with and there were very few problems. Already looking forward to the next trip.

Thank you to all who lifted us up in prayer while on our trip. Your thoughts and prayers were felt and greatly appreciated.
